**Started  
Tuesday  
4<sup>th</sup> March!**

You don't have to be a singer to join  
- just enjoy the music and company!

Choir led by experienced Choral Director,  
**Gráinne O'Grady.**

There is no charge to take part. A small donation towards  
tea/coffee is welcome.

This choir is formed as part of *Music Matters for Inclusive Choirs* - a non-profit organisation - and has the proud support of Fingal County Council and a generous corporate donation from local business - *The Daily Profit*. Participation is diverse with people drawn directly from the Dublin NorthEast community as well as through the HSE Day Care Centres and Alzheimer's Society Social Clubs in the wider region. It is a choir for older people, family members and friends and for those affected by dementia or memory loss. All are welcome and everyone makes it special!

**All parties aim to make creativity intrinsic to life.**

**Memories come alive through singing**

Transport is not available at this point so participants will need to be able to make their own arrangements.
