

THE CHICKEN DANCE

Do you wanna feel good? Wanna laugh and sing?
Wanna have some fun? Throw your blues away?
Are you feeling sad? Got a problem with a cure?
Do the chicken dance - Make you happy for sure!

Reach out your arms and swing your partner
Make like a bird and try to fly
Come on out there you hens and roosters
Just hook your arms out and don't be shy

Hey – you're in the swing! You're clucking like a bird
You're flopping your wings! Don't you feel absurd?
It's a chicken dance. Like a rooster and a hen
Try the chicken dance. Let's do it again!

Relax and let the music move you
Let all your inhibitions go
Just watch your partner whirl around you
We're having fun now – I told you so!

Now you're talking like a bird and you're wiggling too
You're without a care - It's a dance for you
Keep doing what you do - don't you cop out now!
get's better as you dance - catch your breath somehow!

Reach out your arms and swing your partner
Make like a bird and try to fly
Come on out there you hens and roosters
Just hook your arms out and don't be shy

Now it all comes true. Really flying high.
All you chickens and birds - time to say goodbye
Come back to the nest but the flight was fun
Chicken Dance is the best but the dance is done!

Reach out your arms and swing your partner
Make like a bird and try to fly
Come on out there you hens and roosters
Just hook your arms out and don't be shy!
